1. The County can supplement this through salary or other remuneration. See O.C.G.A. § 15-5-21.
2. The original and two copies are required to be filed in capitol felony convictions. See O.C.G.A. § 5-6-41. Original and 1 or original only are paid at the same rate (number of copies are those required by the clerk to be filed).
3. There is confusion as to who pays the \$3.67 original page rate for cases on appeal. Under O.C.G.A. § 17-8-5, all felony cases where a verdict of guilty is entered must be transcribed. When no appeal is filed, this rate is a charge to the County. Where an appeal is filed, the Attorney General is of the opinion that the requesting party should pay the original page rate.
4. There is no authorization for takedown in juvenile cases. See Section 1.B. of the Official Reporter's Fee Schedule.
5. If requested, by the Court or required by law to report, then the county pays. In all other cases, the per diem may be charged to the parties.
6. Voir dire must be reported in cases seeking the death penalty. See 160 Ga Ap 391; 287 SE 2d 338 (1981); 246 Ga 341; 271 SE 2d 627 (1980). No extra takedown allowed in this instance.
7. Daily copy rate is \$7.36 pp. Expedited rate is \$5.53 pp. Daily & Expedited rates are for uncertified "dirty" transcripts and are not filed in. Certified transcripts are filed if requested at a later date and for the certified page rate for O& up to 2.
