## Georgia Drug and DUI Court Training

Hosted by the Administrative Office of the Courts

PRIME Solutions is an evidence-based, protocol-driven, standardized treatment program developed by PRI and several leading addiction experts. PRIME Solutions builds on the PRIME For Life platform and integrates Cognitive Behavioral Therapy, Motivational Interviewing, Contingency Management, Persuasion Protocols, Lifestyle Risk Reduction Model, and The Transtheoretical Model.

This two-day training will explore what PRIME Solutions can do for you and your clients including:

- **Session-specific online training**
- **Flexible standardization**
- **More focus; less drift**
- **Media enhancements to the treatment experience**
- **Bring science to practice**
- **12-Step integration**

Drug and DUI court professionals will also experience an overview of PRIME For Life with specific suggestions and activities to use when developing a treatment plan and regimen of care with clients. The training includes a look at the important roles of resistance and persuasion in increasing clinical influence and an in-depth discussion of DSM criteria and diagnosis.

PRIME For Life is a life-changing program developed by Prevention Research Institute that utilizes evidence-based best practices and behavior change protocols to reduce alcohol- and drug-related problems. It has been evaluated as a powerful pre-treatment experience for those who move to outpatient levels of care. Evaluations show PRIME For Life works to increase abstinence, reduce high-risk alcohol and drug use, increase treatment readiness, and reduce recidivism.
